Dependency Relations of Light Verb Constructions in Four Languages

Veronika Vincze and István Nagy T.

- **Syntactic characteristics of LVCs**
- **4FX corpus: EN, DE, ES, HU**
- **Automatic dependency parsing**
- **Standardized dependency labels**
- **Most frequent labels: subject, object, adposition, participle**
- **No syntactic restrictions should be applied in LVC detection**
- **MWE-ness and syntactic structure to be preserved in treebank annotation**
