

Syntactic properties of Norwegian verbal MWEs (WG1)

Gyri Smørðal Losnegaard and Harald Ulland

gyri.losnegaard@uib.no, harald.ulland@if.uib.no

University of Bergen, Norway

A classification of almost 900 Norwegian MWEs according to:

- subcategorizational properties
- syntactic structure

A corpus study of syntactic flexibility:

- passivization
- relativization
- cleft
- topicalisation
- pronominalization
