# The role of orchestration in statistical MWE-aware parsing
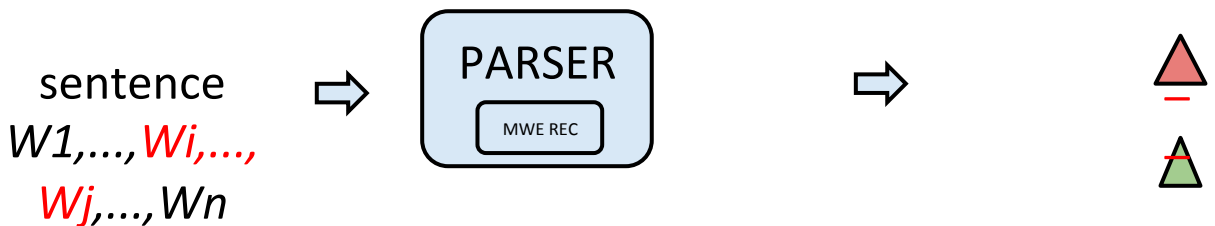

M. Rosner, M. Constant, J. Genci, G. Schneider, J. Nivre, G. Attardi

Analysis includes two main subcomponents: MWE recognition and syntactic parsing. We can classify different approaches according to the way that these these are orchestrated together

BEFORE

sentence
$W1,...,Wi,...,$
$Wj,...,Wn$
⇒ [MWE REC] ⇒ [PARSER] ⇒

DURING

sentence
$W1,...,Wi,...,$
$Wj,...,Wn$
⇒ [PARSER [MWE REC]] ⇒

AFTER

sentence
$W1,...,Wi,...,$
$Wj,...,Wn$
⇒ [PARSER] ⇒ [MWE REC] ⇒
